```csharp
using System;

class Program
{
    static void Main() {
        string n;

        Console.WriteLine("xxxxxxxxxx");

        for(int x = 0; x < 3; x++)
        {
            Console.WriteLine("x        ");
        }

            Console.WriteLine("xxxxxxxxxx");

            for(int x = 0; x < 4; x++)
            {
            Console.WriteLine("x        ");
            }
            Console.WriteLine("xxxxxxxxxx");
            //i
            Console.WriteLine("xxxxxxxxxxx");
            for(int x = 0; x < 6; x++)
            {
```

```
        Console.WriteLine("   x   ");
    }

        Console.WriteLine("xxxxxxxxxxxx");

  }

}
```
